COLOUR MARKINGS
OF TYPICAL BRITISH WHITE CATTLE

SHOW RULES AND JUDGING POINTS

GOVERNING THE

Exhibition, Description and Judging

OF

BRITISH WHITE CATTLE

SHOW RULES.

1. No cattle can be shown as "British White" unless they are registered in, or entered for, the Society's Herd Book.
2. All cattle must be entered for Show under their registered names with Herd Book reference, and the Exhibitor must be the owner and responsible for their description.
3. It is desirable that the judge should have all in-milk females stripped before making his awards.
4. British White Cattle being, above everything, utility cattle, the judge should in his final award give greatest weight to formation, but the dark markings should be preferred to lighter ones, especially in bulls.

SCALE OF JUDGING POINTS

WEIGHT AND SIZE—British White Cattle are, above all, utility cattle and are large, hardy dual-purpose animals.	20
COLOUR—Must be White with black points, viz. nose, muzzle, eyelids, ear, teats of cows, rudimentary teats of bulls, feet with splash or spots of colour on the front of each fetlock.	25
BODY—Deep and full through heart with rib swell sprung, the legs short, set four square and well apart enabling the animal to move freely, the shoulders deep, wide and forward, the hind quarters long from the hips, the buttocks being well fleshed down to the hocks.	
HEAD—Entirely hornless, quite free from slugs or rudimentary horns. The heads of bulls should be masculine in character, cows should be fine and feminine.	
TOP LINE—The back should be level, not rising at the root of the tail, broad and expanding over loins to hips, pin bones well apart, especially in the bulls.	
UNDERLINE—Level, but with prominent milk veins in the cows.	40
UDDER—Well developed and level, not pendulous, the teats of moderate size, set evenly and pointing to the ground. Rudimentary Teats of bulls should be wide set, well developed and dark in colour.	10
SKIN—Should be fine and handle well.	5
TOTAL ...	100

GRADING-UP REGISTER

REGULATIONS.

1. The Grading-Up Register shall record animals partly of registered British White Cattle blood being graded up to become eligible in the 4th cross for full registration in the Herd Book, or to comply with the provisions of Bye-Law 2 for registration in the Herd Book by inspection. The Register shall be divided into :

SECTION A (1st Cross, etc.). Animals of any age of $\frac{1}{2}$ (one-half) or less of Herd Book registered British White blood, and also animals of any age partly or entirely of Herd Book registered British White blood but not eligible for registration in the Herd Book or other section of the Grading-up Register.

SECTION B (2nd Cross). Calves bred from a Herd Book registered British White bull or cow mated with an animal entered in Section A of the Grading-up Register.

SECTION C (3rd Cross). Calves bred from a Herd Book registered British White bull or cow mated with an animal entered in Section B of the Grading-up Register.

4th Cross. ELIGIBLE FOR HERD BOOK REGISTRATION. Calves bred from a Herd Book registered British White bull or cow mated with an animal entered in Section C of the Grading-up Register.

2. The Grading-Up Register shall be published as a supplement to the Herd Book.

3. The abbreviated formula indicating entry in the Grading-Up Register shall be "G.U.R."

4. Entries for the Grading-Up Register shall be made on the same cards as supplied for pedigree animals, the fact of Grading-up status being entered in the space provided.

5. Grading-Up Register Fee shall be 5s. per animal registered.

6. The 4th Cross, eligible for Herd Book registration shall be subject to full Herd Book fees for the sex of animal concerned.

7. All Grading-up registrations must have a Herd prefix, and will be entered in similar manner to and be subject to the same conditions as Herd Book registrations.

8. Entries in the Grading-Up Register shall be published in alphabetical order of prefixes and the name of animal in each Section, and each Section shall be in two parts—bulls and cows.

9. Each section shall be separately numbered, with "odd" numbers for bulls and "even" numbers for cows.

10. Each Grading-Up Register entry shall comprise prefix and name of animal, section letter, number with G.U.R. affixed, date of birth, sire and dam and name of breeder.

11. Animals bred by mating "G.U.R." bulls with "G.U.R." cows shall be entered in the Grading-Up Register in the earliest Section of either parent, when parents are not both in the same Section. When parents are both in the same Section then the calf shall be entered in that Section, i.e., if a Section A animal is mated with a Section C animal the resultant calf will be entered in Section A. If a Section B animal is mated with a Section B animal the resultant calf will be entered in Section B.

The letters and figures in *italics* following names of entries in the Herd Book refer to ear-marks.
